Jackson Hole, Wyoming

Managing Hearing Loss in Children

CONFERENCE PRESENTERS:

Jane R. Madell, PhD has been a pediatric audiologist for more than 40 years. She is a certified audiologist, speech-language pathologist, and LSLS auditory verbal therapist. Her clinical and research interests have been in the area of evaluation of hearing in infants and young children, management of hearing loss in children, selection and management of amplification including cochlear implants and FM systems, and evaluation and management of auditory processing disorders. Dr. Madell has published 3 books, 16 book chapters, and numerous journal articles. She is working on a 4th book.

Nancy Caleffe-Schenck, M.Ed. is internationally renowned for her practical approach in guiding parents, teaching children and adults, and training professionals in developing spoken language through listening. For over 30 years she has been the Director of Auditory-Verbal Services, Inc., a private practice in Colorado with local and out-of-state programs. She is a Teacher of the Deaf, certified Audiologist and LSLS certified Auditory-Verbal Therapist. Nancy is the author/co-author of professional peer-reviewed articles and a textbook. She has produced several teaching tools including the Start Listening DVD, Practical Tips for Parents booklet, chapters in the Teacher's Guide and the Speech Sounds book.

Karen Anderson, PhD is a longtime educational audiologist who also has extensive experience in early hearing loss detection and intervention issues. She is well known for her research in classroom acoustics and for development of functional checklists for children with hearing loss, such as the SIFTER, LIFE, CHILD and ELF.

Martin S. Trott, MD, FACS attended the University of Rochester (BA '85; MD '89). He completed Otolaryngology-Head and Neck Surgery training at the Cleveland Clinic Foundation in 1994. He is Vice Chief of Staff at St. John's Medical Center and is pursuing a Masters Degree in Medical Management at Carnegie Mellon University. His interests include Pediatric ENT, Allergy, and Thyroid Surgery.

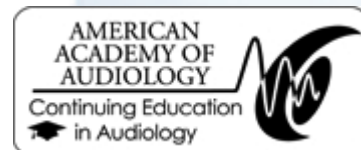

Berte Hirschfield, MSE Bank Street College, is retired from a career in new product development and market research. She is presently active in the Jackson Hole Community. She is founder and serves on the boards of Keep Yellowstone Nuclear Free and Jackson Hole Childcare Helpers and has served on the boards of local and state organizations, including Bennington College, Teton Literacy Center, Grand Teton Music Festival and the Governor appointed board of the Wyoming Arts Council. She is the grandmother of two children with hearing loss.

Managing Hearing Loss in Children Folder – Comp2.1

Learning Outcomes

- The participant will be able to select the appropriate tests for evaluation of hearing in children.
- The participant will be able to identify children who are not receiving sufficient benefit from technology
- The participant will be able to guide and coach parents to teach their child to listen and talk.
- The participant will be able to apply the 5 E's in the therapy process of building an auditory foundation.
- The participant will be able to use different strategies for encouraging a child to learn spoken language through listening.
- The participant will be able to apply various techniques for developing speech through auditory self-monitoring.
- The participant will be able to incorporate auditory learning into classroom activities.
- The participant will be able to describe the acoustic barriers faced by children with hearing loss
- The participant will be able to list communication repair skill areas that children who are hard of hearing need to develop in order to better succeed in the classroom environment
- The participant will be able to describe the self advocacy needs of children with hearing loss for optimal success in school, at home, and building friendships.

ASHA, AAA, and LSLS CEUs offered; Certificate of Attendance for Teachers

The Children's Hearing Institute is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.
