

I'm Listening

Look at me.
 All suited up for the pool.
 Nothin' gonna keep me
 out of the water.
 Goggles for my eyes.
 AquaNots™ for my ears.
 Think I'll stay in 'til I'm a
 prune. I am listening —
 to my mom. Protecting
 my eyes and my ears with
 AquaNot™ swim gear
 from Westone.®

Are You Listening?

Compliment your custom AquaNots™ swimplugs with the safety and convenience of AquaNots™ swim gear. Add an extra layer of protection with Ear Band-Its™ — a waterproof neoprene headband that securely keeps swimplugs in place. Or protect both ears and eyes with our no-leak goggles and headband combo. And if you or your child has a problem keeping tabs on your AquaNots™, consider our two storage products: the lanyard and case to hang conveniently around the neck, and our adjustable velcro wrist pouch.

See your hearing healthcare professional today about AquaNots™ swim gear.

You'll want to listen.

AquaNots™ Swim Gear Protects the Eyes and Ears of Your Entire Family!

AquaNots™ products are recommended by physicians to protect against swimmers' ear in every member of your family! Gear up with AquaNots™ — every time you swim.

Ear Band-Its™

Colorful headbands to use in conjunction with custom swimplugs. Recommended by physicians for swimmers with ear tubes and as protection against swimmers' ear.

Hydrodynamic Strap & Goggles

A neoprene headband combined with quality, no-leak swim goggles keeps swimplugs in place.

AquaNot™ Case with Lanyard

Keep track of your AquaNots™ with a convenient case (included). Hang it around the neck or hook it to a chair for safe-keeping.

AquaNot™ Wrist Pouches

Colorful zippered wrist storage pouches for AquaNot™ swimplugs. Available in a variety of colors with adjustable velcro wrist band.
